In mid-October the Kwangtung provincial authorities decided to reconstruct 18 wooden bridges, all in bad condition, along the Canton-Hsiying (110-24, 21-11) highway. All bridges will be rebuilt of reinforced concrete to permit the passage of heavy military vehicles. In late October an engineering unit of approximately 100 men was sent by the Communications Office, Kwangtung Provincial Government, to make a preliminary survey of the work required in reconstructing these bridges. The head of this unit is LI Kung-liang (李工良). The reconstruction of all these bridges is scheduled for completion by the end of 1951.
